

# Using ePortfolios and Making Presentations

WEBINAR #4

PRINCE *of* PEACE  
**SmartLab®**

# WEBINAR SERIES

1

## WEBINAR #1

What will e-learning look like in the SmartLab this year?

2

## WEBINAR #2

What is the Launchpad?

3

## WEBINAR #3

Learning how to use the Liftoff Challenges and Learning Launchers

4

## WEBINAR #4

Using e-portfolios and making presentations.

# Welcome!!

Learning is DIFFERENT in the SmartLab!

## Using ePortfolios and Making Presentations

- The ePortfolio consist of journaling everyday you work on your project. Each project takes four days to complete and the fifth day is for presentations. Presentations will be either recorded videos or through Zoom.

# Four Parts to the ePortfolio

## Day 2

In this phase you will learn what you need to know to begin your project activity. You may read and explore online tutorials, videos and other resources.

## Days 4

In this phase, you will do the activities necessary to complete your project objective. You may be continuing to build a machine, refining a computer software application, or solving a circuitry problem.
